

CBC310

Backbar Cooler

Product Features

- Robust heavy duty equipment
- Self-closing doors
- Stainless steel interior
- Adjustable SS304 steel shelves
- Adjustable feet
- Ventilated cooling
- Drawers as option

Heavy-duty backbar with solid doors

The CBC is our range of robust backbars, specifically designed for busy bars where enhanced cooling capacity is needed. The backbar has an efficient ventilated cooling system to guarantee a short pull-down time, so you never run low on chilled beverages for thirsty guests. The air intake and exhaust are both placed at the front, making it easy to have the backbar build into the existing interior. The CBC backbar cooler comes with self-closing doors, LED internal lighting, adjustable SS304 stainless steel shelves, and a stainless steel interior with mirror effect. It is possible to install drawers instead of doors – contact our sales staff for more information.
