

**Declaration of compliance  
for materials made from plastic intended to come in contact with food**

**Identity of the product:**

Product:	Cutting board
Article number:	91721814-10
Material:	PP
Usage:	Preparation and cutting of food

**Identity of the producer**

Company name:	Dalolindén AB
Address:	Marieströmsvägen 9 335 22 Gnosjö
Contact person:	Andreas Stenholm
e-mail address:	andreas.s@dalolinden.se

**Positive list, monomers:**

The polymer consists only of permitted monomers and starting substances listed in regulation 10/2011/EU.	
Signature:	Dalolindén Andreas Stenholm

**Additives:**

All additives used in this product are permitted according to regulation 10/2011/EU.	
Yes:	<input checked="" type="checkbox"/>
No:	<input type="checkbox"/>
If no – which other additives are added to the product?	

Chemical name	Cas. no.	Amount in the product (%)

**SML (Specific Migration Limits):**

All substances used in this product are checked in regulation 10/2011/EU and the following substances are subjects to restrictions. CAS 3896-11-5, CAS 65447-77-0, CAS 106-99-0 & CAS 106-99-0

**Functional barriers:**

Are functional barriers present in the product? If yes, compliance with regulation 10/2011/EU must be stated.	
Yes:	<input type="checkbox"/>
No:	<input checked="" type="checkbox"/>

**Global migration test:**

According to the future use of this product the material must be tested for global migration according to EU-directive 82/711/EC, as stipulated in regulation 10/2011/EC. Tested and approved according to regulations.
--

**Specific migration test:**

If SML values are given above the material must be tested for specific migration according to EU-directive 82/711/EC, as stipulated in regulation 10/2011/EU. Tested and approved according to regulations.
--

**Specification of the intended use or limitations:**

- Type(s) of food intended to come in contact with the material:  
The product is made for all type of food.
- Type (s) of food NOT intended to come in contact with the material:  
None.
- The product can be used repeatedly.

**Good Manufacturing Practice**

The regulation 2023/2006/EC requires that good manufacturing practice is used. Dalolindén has an internal quality system to ensure the quality of its products.
--

**Traceability**

Traceability of the product is ensured according to Regulation 1935/2004/EC via the date which is written on the transport packing.
---

**Compliance:**

The product does not apply any danger to health or environment according to article 3 in Framework Regulation 1935/2004/EC. The product complies with current EU-legislation (10/2011/EU). We commit ourselves to inform you of any changes in the formulation of the product.
